ROSCOMMON RESPONDS

A **Roscommon Chamber of Commerce initiative** *in association with* ***The Roscommon People***

To the people of Roscommon:

As a community, we need to respond to the Covid-19 crisis. Our health is the paramount concern. We must also keep Roscommon Town 'moving' to ensure that we can live as normally as possible

For many years you have come to town to shop.

Now, with **Roscommon Responds**, the town will come to you!

Roscommon LEADER Partnership have led the way by coming up with initiatives to provide support and logistics to our communities

Now, Roscommon Chamber, with the support of Roscommon LEADER and the Roscommon People newspaper, is preparing to launch…

ROSCOMMON RESPONDS

A delivery system to help local businesses reach customers at this time of crisis

HOW IT WORKS

1. Call in your order with your favourite shops in town and pay over the phone
2. They will coordinate delivery to you via the LEADER Partnership network
3. All will be done in the safest possible way (observing social distancing guidelines) in these sensitive times

* A full list of participating shops will be available in the coming days on www.roscommonchamber.com and on www.roscommonpeople.ie
